Priest's Message

Who wrote this, [Pope St Paul VI](#) or [Pope Francis](#):

"If therefore there are well-grounded reasons for spacing births, arising from the physical or psychological condition of husband or wife, or from external circumstances, the Church teaches that married people may then take advantage of the natural cycles immanent in the reproductive system and engage in marital intercourse only during those times that are infertile, thus controlling birth in a way which does not in the least offend the moral principles."

Answer: [Pope St Paul VI, Humanae Vitae \(1968\), n.16.](#)

Children's Room/Confessional

The Parish is relaunching the Children's Room near the front entrance, for use by parents of very young children during Mass. If you have plastic washable toys which are no longer needed at home, please bring them to the sacristy to be re-washed and made available for the children.

[We hope relaunching the Children's Room will further build our Parish's reputation as a welcoming community](#)
